BSB50420 –Diploma of
**Leadership and
Management**

Online Delivery

Management is the application, organisation and coordination of the activities of an enterprise in accordance with certain policies, procedures and practices. Individuals at this level display initiative and judgement in planning, organising, implementing and monitoring their own workload and the workload of others. This involves the use of communication skills to support individuals and teams to meet organisational or enterprise requirements.

This course aims to develop knowledge of management skills by explaining and drawing on modern practices and methods to achieve business objectives. It engenders a holistic approach to the role of the management discipline within industry, business and society, and promotes the ability to identify factors that impact most on management success.
